

Boshini TP

Enthusiastic IT student with a passion for technology. I'm a confident and adept presenter with a knack for delivering engaging and impactful presentations across diverse topics. I consider myself as an orderly person.

Projects

Smart Attendance System

Created a Smart Attendance System using OpenCV for face recognition. The system automatically takes attendance by detecting and verifying faces in real-time. Improved accuracy by refining the image processing methods and used Python to manage and report attendance data efficiently.

Sales Data Analysis

Conducted a Sales Data Analysis to identify key trends and patterns in customer purchases. Used Python and Excel/Google Sheets to clean, analyze, and visualize data. Provided actionable insights on product performance, customer behavior, and sales growth. Enhanced decision-making by delivering clear data-driven recommendations.

Publications

Published paper on Digital Agriculture in the National Conference held at Velammal college of Engineering:

Digital Agriculture leverages advanced technologies like IOT, AI and big data to enhance farming efficiency and productivity. By integrating these tools, farmers can optimize resource use, monitor crop in real time leads to increased yields and sustainable practices.

Educational Background

Senior Secondary

OCPM Girls Higher Secondary School
July 2018 - March 2020

- Passed out with 89.13%

Bachelor's Degree

KLN College of Engineering
August 2021 - May 2025

- B.Tech Information Technology(inprogress).

Contact

106, Valluvar Colony, 2nd Street,
Madurai - 625017.
